COURSE AIM

The annual summer course has become a popular event in the school's calendar which is designed to give students the opportunity to participate in a variety of dance styles such as Musical Theatre, Latin American, Street Jazz, Ballet, Tap and Contemporary. In addition there are make-up and hair sessions, the opportunity to design and make props, plus learn the basics of lighting and stage management. The emphasis of the course is on fun and the enjoyment of participation.

The week will be taught by experienced teachers and choreographers and on the final afternoon the students will have the opportunity to show their work to family and friends. This year we are especially delighted to welcome Sabrina Steele who will be teaching a Cheerleading Workshop and once again the incredibly talented and vibrant Tim Noble will be joining us on Wednesday for an exhilarating day where the students will learn the latest dance industry trends.
